

SIX MANDATORY CME PROGRAMS FOR CONNECTICUT MEDICAL LICENSE RENEWAL

AVAILABLE ONLINE

During the 2016 Connecticut General Assembly, two new courses were mandated for physicians in order to renew their medical license: *Mental Health Conditions Common to Veterans* (falls under Behavioral Health) and *Prescribing Controlled Substances and Pain Management* (falls under Risk Management). Even though these two new courses can be substituted for already existing requirements, ALL PHYSICIANS MUST TAKE A ONE-HOUR COURSE IN PRESCRIBING CONTROLLED SUBSTANCES AND PAIN MANAGEMENT AND A TWO-HOUR COURSE IN MENTAL HEALTH CONDITIONS COMMON TO VETERANS AND THEIR FAMILY MEMBERS.

On June 4, 2016, FCMA presented its ***Mandatory CME Training for Connecticut Medical License Renewal Program*** where physicians were able to fulfill all six mandated license renewal topics during this session. The topics presented were as follows:

- Mental Health Conditions Common to Veterans (newly mandated, falls under Behavioral Health)
- Prescribing Controlled Substances and Pain Management (newly mandated, falls under Risk Management)
- Sexual Assault
- Domestic Violence
- Infectious Diseases (including AIDS and HIV)
- Cultural Competency

FCMA has all six mandatory topics available, INCLUDING THE TWO NEWEST COURSES, for online viewing at www.fcma.org (go to Educational Library). Take only those courses that you may need. Once you have viewed the video(s), download the questionnaire(s), and return the completed questionnaire(s) with this order form. We will then send you your *Certificate of Completion*.
